Si (David) Wu – 1001226979
Patrick Tan - 1002567493
Note: Plan is based off the course syllabus, we agreed that team meetings will be for finishing the task together

Project Plan

Assignment	Task	Team Meeting Date	Revision Date	Due Date	Member
3.5: Revised contextual inquiry protocol	Re-examine and correct changes from TA feedback	02-01	02-03	02-04	Everyone
4: Contextual inquiry field report and data analysis	Organize a semi-structured interview, observing the research question	02-08	02-10	02-11	Everyone
5: Preliminary design proposal	Brainstorm features, and write out proposal - Low Fidelity implementation	02-12	02-14	02-15	Everyone
6: Participatory design protocol	Decide and create design protocol for interface testing (i.e Paper prototype or digital) - Medium Fidelity implementation	02-22	02-24	02-25	Everyone
6.5: Revised participatory design	Re-examine and correct changes from TA feedback	03-01	03-03	03-04	Everyone
7: Focus group protocol	Create the guidelines on how to instruct the focus group with our interface and product	03-08	03-10	03-11	Everyone
7.5: Revised focus group protocol	Re-examine and correct changes from TA feedback	03-17	03-19	03-18	Everyone
AB testing protocol	Organize two versions of our interface for split testing, and manage roles (observer, experimenter)	03-23	03-25	03-25	Everyone
Final report	Write a detailed report on the project journey, and its entirety of a design cycle	04-22	04-24	04-24	Everyone
